1. The present output at Buna Werke, Schkopau (D91), is equivalent to 25,000 tons of buna per annum, i.e., 50% of normal capacity. At present 12,000 workers are employed as against the usual total of 10,000.

2. Most of the total output is sent to the USSR and Poland. A small percentage is delivered to the American Zone of Germany.

3. Coal and benzol supplies emanate from Waldenburg (E08); no more benzol is supplied from Czechoslovakia.
